

## Basic Carry Position using a Stretch Wrap

**1. Hold the sling in the centre, across the front of the body**

**2. Cross ends behind and bring back over the shoulders**

**3. Push ends under the wrap and cross over front of body, pulling ends towards hips.**

**4. Cross ends behind back and tie in a secure knot.**

**5. Place baby's leg under the strap closest to your body.**

**6. Place baby's other leg under the other strap. Check that the straps cross and support between baby's legs.**

**7. Centre baby and spread the fabric out evenly across their back.**

**8. Tuck baby's legs under the horizontal fabric band and pull this up to secure baby.**
